WHAT OUR TRADE MARK MEANS

Only the Genuine Bear this Mark.

QUALITY GUARANTEED

To THE BUYER—It means a seal of established value, a stamp of reliability which standardizes our tools.

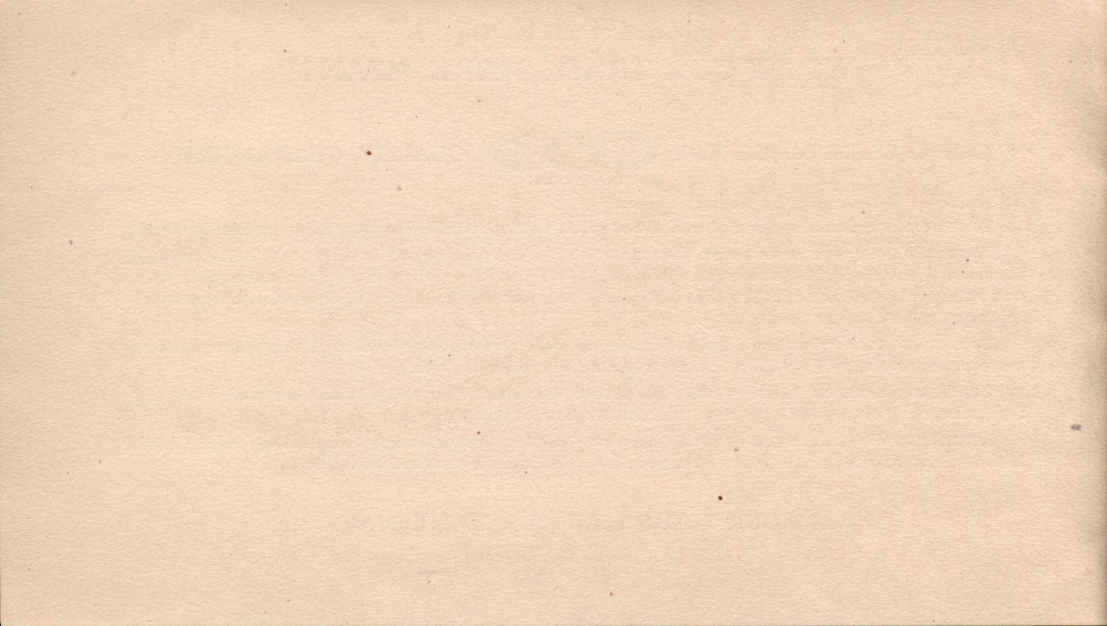

To THE DEALER—It is an assurance that our tools will not depreciate on his hands, that he can readily dispose of them at a profit, that the question of quality will not arise to disturb his sales, contentions with customers will be eliminated. The distribution of OUR goods will enhance HIS reputation, UTICA brand being a guarantee everywhere.

To THE CONSUMER—Our brand means that our tools will perform their work well, they will not fail or cause annoyance and will at all times render a good account of themselves.

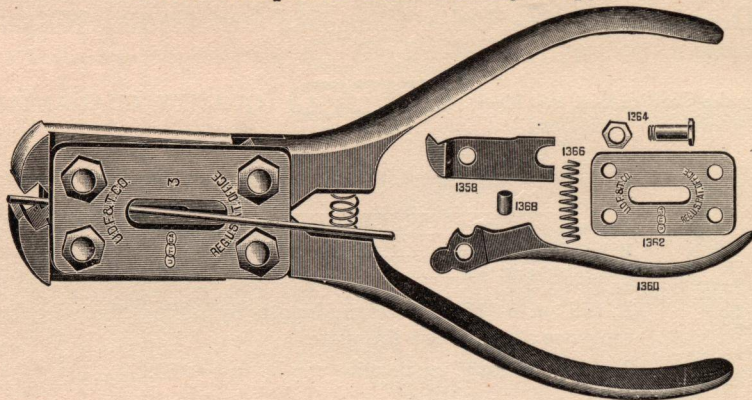

OUR TRADE MARK OR BRAND stands for what we have striven for and attained, our good name and reputation, our tools representing THE HIGHEST STANDARD OF THEIR CLASS.

REMEMBER, WE GUARANTEE EVERY ONE OF OUR TOOLS against defects in workmanship and material. If the tool you have is unsatisfactory when you receive it, return it to us and we will replace it.

ALL OUR TOOLS BEAR OUR TRADE MARK

Description of *The* Utica Compound End Cutting Nipper

Only the Genuine Bear this Mark

QUALITY GUARANTEED

What It Is

The best, the handiest, the easiest-cutting Compound Nipper made.

| | | | |
|------------------------------|-----------|-----------|-----------|
| Length..... | 5½ inch | 7½ inch | 9 inch |
| Leverage..... | 20 to 1 | 21 to 1 | 22 to 1 |
| Will cut between plates..... | 3-32 inch | 5-32 inch | 7-32 inch |
| Will cut wire up to..... | 1-8 inch | 3-16 inch | 1-4 inch |

What It Does

It will cut 3-32 inch wire any length by sliding the wire between the jaws and through the plate.

Jaws for cutting music wire can be furnished.

How to Use It

Hold the tool in one hand, and with the other slide the wire between the jaws.

It can be used with or without the spring.

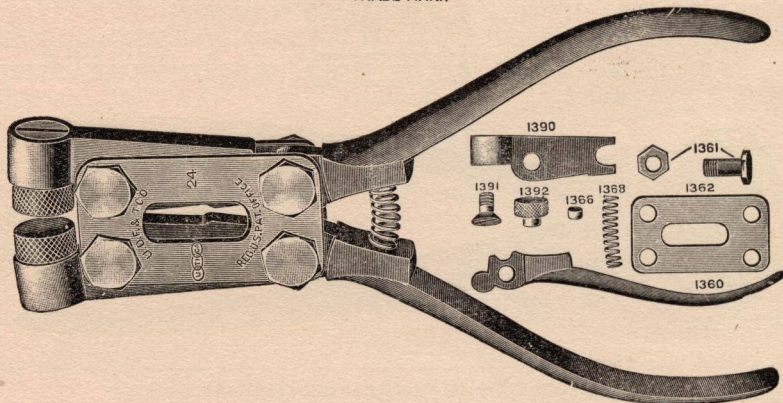

Compound Lever Seal Press

The most powerful one-handed Seal Press on the market.
For use on railroads, by brewing, malting and distilling concerns, express and electric companies. Shipped one tool in carton, six cartons in box.

Utica Combination Gas Pipe Side Cutting Button's Plier

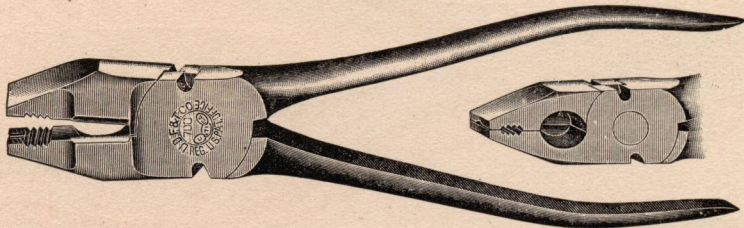

Six Tools in One

The handles are specially designed, so that in cutting large as well as small wire they are close enough to enable one to span them with the hand and exert his greatest pressure to the best advantage, making it an easy cutting tool. The oval or buck-shot throat enables cutting heavily insulated wire without clogging the plier.

Utica Concave and Convex Nose Weaver Plier

Saves 50 per cent. time over other pliers and straightens reeds under all conditions. It can be used the same as the old-style weaver plier, which necessitates twisting the hand, or by the new method, which consists of placing the bent part of the reed between the convex and concave surfaces and pressing the jaws together and thus straightening the reed.
